CREATING OFFICES FOR GLOBAL BUSINESS

M Moser is a global firm, specialising in the creation of offices, work-support facilities, base buildings and corporate campuses since 1981.

Client business objectives and needs are met through M Moser's integrated solutions approach. Teams are based around experienced strategic planners, interior designers, architects, M&E engineers, technology specialists and construction professionals.

Located in 12 offices around the world, M Moser is constantly evolving to serve the needs of global clients, which vary from multinational companies and financial institutions to privately-owned businesses.

OUR PEOPLE

Our teams are multicultural, multilingual and multidisciplined, with expertise covering the full range of services from architecture, strategic planning, design, information technology, engineering and project management to construction. We understand that it is not only the professional skills of our people that are critical to a successful project, but also their ability to develop a strong working relationship with the client. This approach supports our commitment to designing, managing and delivering excellent offices and is at the heart of every project solution.

OUR CLIENTS

We are proud to be contributing to the success of companies of all sizes, in all industries, from all around the globe, including multinational companies of Fortune 500, Top 100 Global Brands, listed PRC companies, and many others.

OUR HISTORY

Our Founder and Chairman

After working in California, Germany, Turkey and Iran, Moira Moser brought her architectural career to Hong Kong in 1978. During her first years in Hong Kong, Moira developed the client-focused work that has been the hallmark of M Moser since its inception in 1981. Moira's architectural background brought a rigorous methodology to interiors work that continues to ensure that our designs offer effective solutions to clients' business needs.

To serve our clients more broadly and fully, we now have 12 offices in Asia, the UK and the USA.

- 2011 Bangalore office opens, M Moser 30th anniversary
- 2008 Delhi and Shenzhen offices open
- 2007 Sustainable design services established
- 2006 M Moser 25th anniversary
- 2004 Kuala Lumpur office opens
- 2002 New York office established, and together with London office creates a trans-Atlantic bridge of service
- 2001 M Moser 20th anniversary
- 2000 M Moser begins its global expansion with the establishment of an office in London
- 1999 Guangzhou office opens, M Moser Technology division launched
- 1997 Beijing office opens
- 1996 Singapore office opens
- 1993 Shanghai office opens
- 1989 M Moser's second office established in Taipei
- 1981 Founded in Hong Kong
