

For Immediate Release

M Moser Associates launches a new Dubai office, expanding its integrated workplace services across Europe and the Middle East.

Dubai, UAE – 27 November 2024 – M Moser Associates, a global leader in workplace design, engineering and construction, announces the opening of a new office in Dubai, strategically located in One Central, Dubai World Trade Centre.

Having worked in Dubai since 2006, M Moser has a deep understanding of the local market and its rapid evolution. “As Dubai continues to expand, now is the right time for us to establish a dedicated base here,” shares Charlie Millard, Regional Director. “By leveraging our extensive local partnerships and a robust supply chain, we are delivering innovative and efficient workplace solutions tailored to the region’s unique needs. In bringing M Moser’s renowned expertise in adaptable and sustainable workplace design to Dubai, our focus is on creating workplaces that not only meet immediate business needs but are also tailored to support long-term organisational growth and employee wellbeing.”

The Dubai office strengthens M Moser’s EMEA network, linking studios in London, Amsterdam and Paris to support multinational clients across the Middle East. This regional synergy enables the firm to deliver innovative, responsive workplace solutions, combining global insights with a deep understanding of local needs.

The Dubai team will benefit from the full spectrum of M Moser’s global expertise, including leadership in sustainability, smart building technology, brand experience and workplace strategy.

M Moser has delivered projects in the region for global conglomerates and renowned clients across the financial, legal, media, real estate and pharmaceutical sectors. Each project reflects the firm’s commitment to creating innovative spaces that enhance productivity, foster collaboration, and integrate smart technology.

“Having delivered high-impact projects in the region, the Dubai office represents a natural evolution in our ability to serve our clients with even greater agility,” adds Angéline Loiseau, Client Services Lead. “This new base will enable us to deepen partnerships and elevate the workplace experience for organisations across the Middle East.”

As M Moser expands its global coverage, the Dubai office underscores its dedication to using the best innovations in global design to address regional needs and support business impact.

About

At M Moser Associates, we design and deliver workplace environments that bring out the best in people. Their health, happiness and ability to do great work enables organisations to transform in an ever-challenging world.

As a global community, we thrive on bringing big ideas to life, setting the stage for better business. Space is more experiential than ever, so with data we deepen connections between people and their environments. Making real-estate portfolios smarter and more resilient.

Creating a more purposeful experience. We've committed to becoming a 1.5-aligned organisation. Together, we're reducing impact, working closely with our clients and partners for more sustainable ways of living and working.
